

RUO

RESPIRATORY TRACT 4T RT-qPCR KIT

Bio-Speedy® Respiratory Tract 4T RT-qPCR Kit detects four prevalent respiratory pathogens in a single reaction. This advanced kit is meticulously designed to target four key pathogens, including Influenza A, Influenza B, SARS-CoV-2, and RSV, providing scientists and researchers with comprehensive insights into respiratory infections.

94 SAMPLES / **65 MINUTES**

TARGETS

SARS-CoV-2

Influenza A

Influenza B

RSV A/B

Compatible Instruments: Bio-Rad CFX96 Touch, Bio-Rad CFX Opus 96, Bioer LineGene 9600 Plus, Bioer QuantGene 9600 Real Time PCR Systems
